RE: NEW SIDEWALK  
PAMELA WAY

This is in response to your request for an estimate to construct new sidewalk along south side of Pamela Way from Hunsinger Lane to McMahan Blvd. I have divided this street into two sections for estimate purposes.

A sidewalk on the south side is feasible from Hunsinger Ln. to Debra Way. An estimate to construct the sidewalk is \$15,000.

The right-of-way along the segment from Debra Way to McMahan Blvd. is a drainage area. Some survey and design work would be required to establish the right-of-way and it is possible an easement would be required. An estimate to Design and construct sidewalk along this segment is \$11,000.

If there are any questions, please contact me at 574-3873.
